

Exporting the xml file from SAS

Menu Steps

- 1. Maintenance
- 2. Export
- 3. Students & prior VELS results

Year Check

Make sure year is (*current year*) ←

Semester Check

Make sure semester is (current semester)

'ear	Semester		
2005	11 🔳		
xport to file Select File Name	and Directory he	re	
Output Format			Bund.
	C DET		

Choose a location to export the file.

Click Export to create the file.

(Please contact your Admin package helpdesk if this does not match your current version)

New for 2017 after update from SAS. Make sure you enter the **current** year. NOT current year minus 1, as it used to be.

Exporting the xml file from SYNERGETIC

Current Student. Import/Export Student Data tab

Choose VELS tab

Highlight Export from Admin System for Reporting System.

Insert Year levels.

Click OK

Click OK to close

Exporting the xml file from MAZE

- 1. Open Maze
- 2. CEO Data Transfer
- 3. Run Data Transfer Files
- 4. DOUBLE CLICK on PRS211 Export History Academic Results 5
- 5. Save file to a location of your choice

Important note for MAZE schools only:

When your Xml is created, please zip it and send it to info@nforma.com.au as it will need to be formatted correctly for import.
