

Download Front Cover Designer

- 1 The VELS Front Cover Designer needs to be downloaded in order to edit/create the front cover of the report to suit your school.

Download VELS Front Cover Designer from www.cepl.com.au DOWNLOADS Section.

- 2 Save the file to a location of your choice.

- 3 Locate the zip file where you saved it. Double click to open folder.

Extract the files before the next step.

- 4 Double click on the **setup.exe** file.

- 5 If .NET 4.0 has not been installed on this machine, you will be prompted to install it.

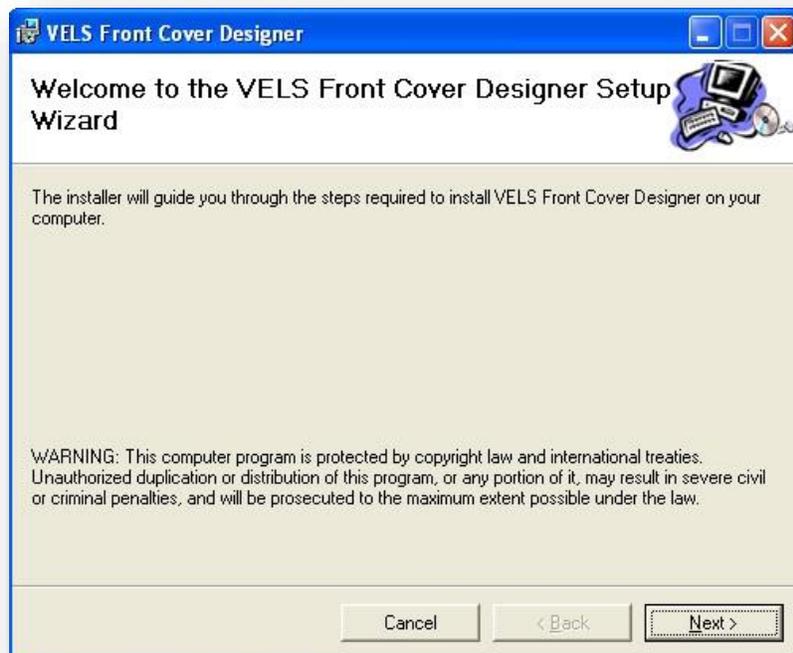

Click on **Accept** to start setup.

If .NET 4.0 has already been installed, you will not see this window. Go to Step 7.

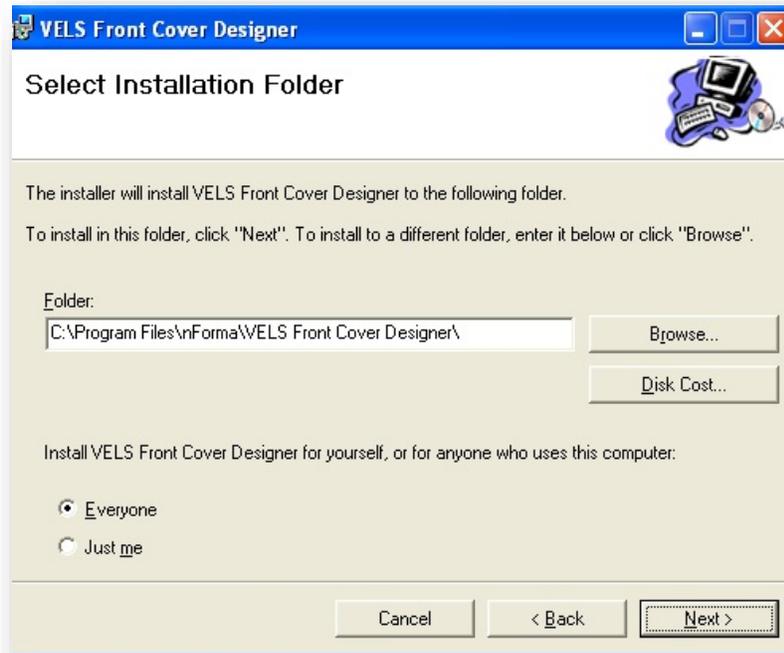

- 6 Files required to install .NET 4.0 will now be downloaded. This should only take a few minutes.

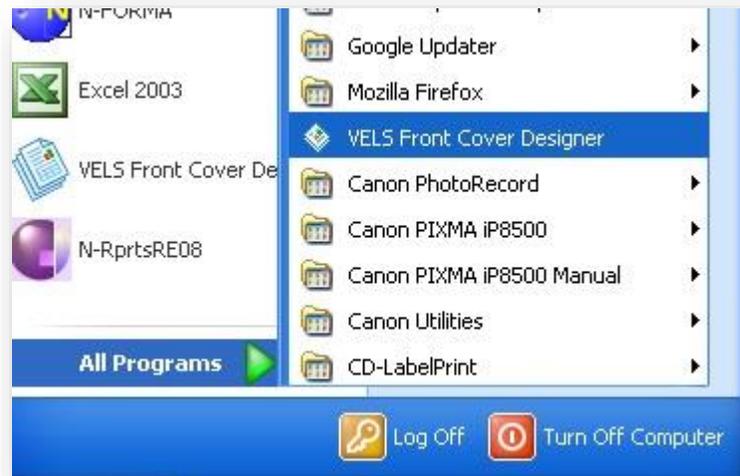

- 7 Click on **Next** and follow the Installer Wizard setup guide to install VELS Front Cover Designer on your computer.

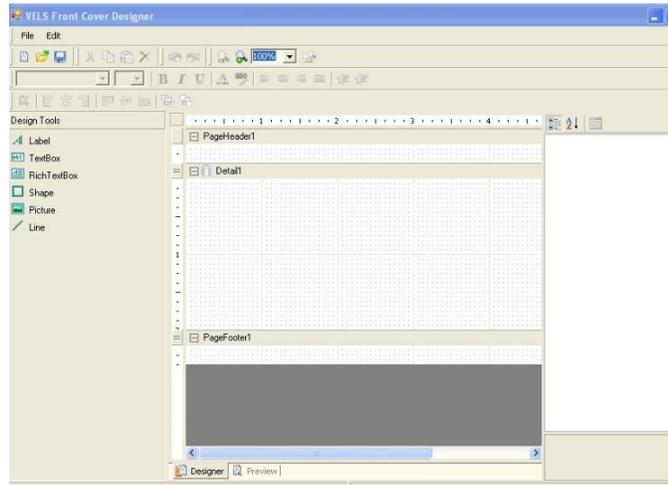

- 8 Click on **Next** to continue the install process.

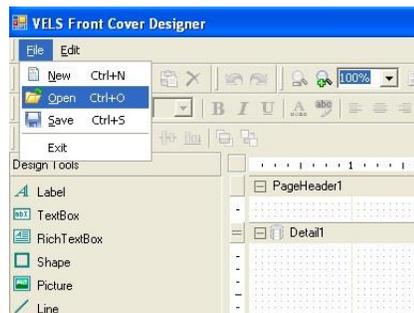

- 9 Once installed, open the **VELS Front Cover Designer** program.

- 10 When the program is first opened a blank page appears.

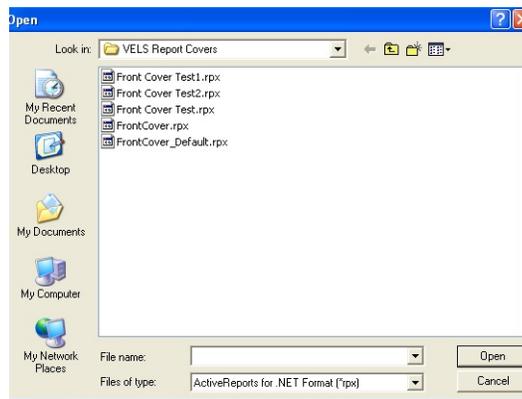

- 11 Go to **File** and select **Open**.

- 12 You can open your current Front Cover if you have already designed one OR

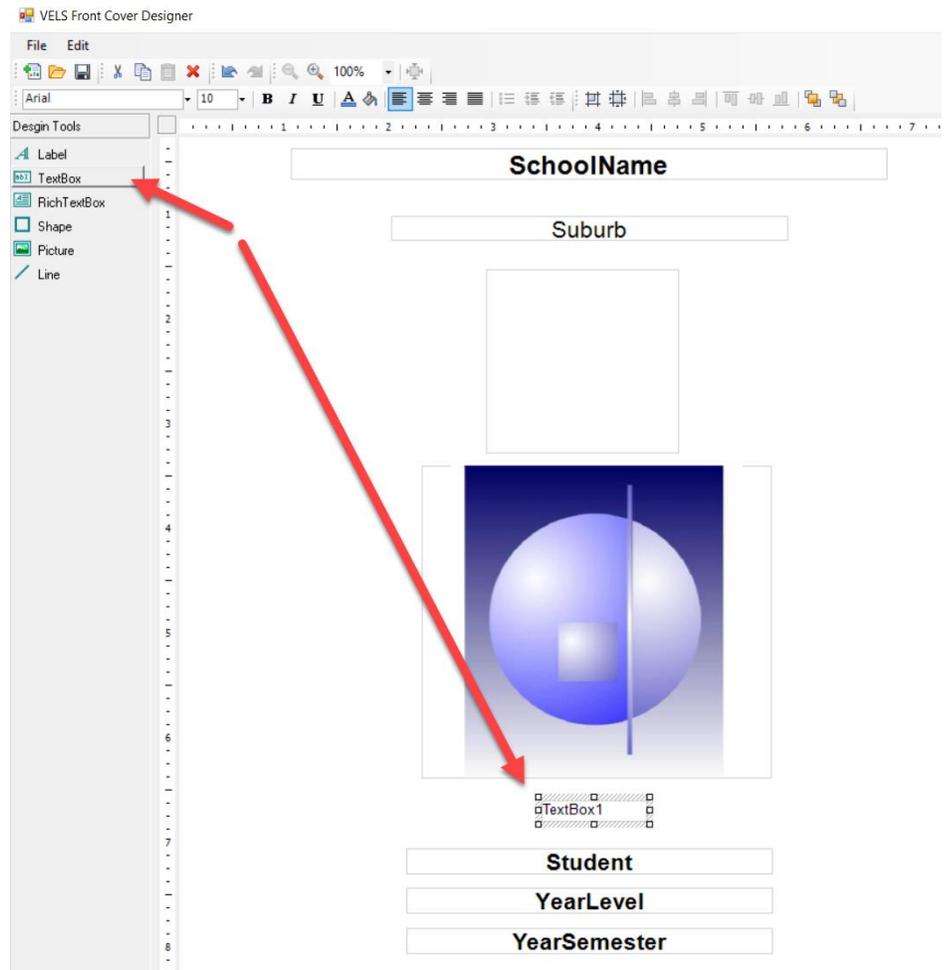

Locate the **VEL5 Report Covers** folder. This will be located on your local c:\ drive in My Documents.

Find the file named **FrontCover_Default.rpx** and click **Open**.

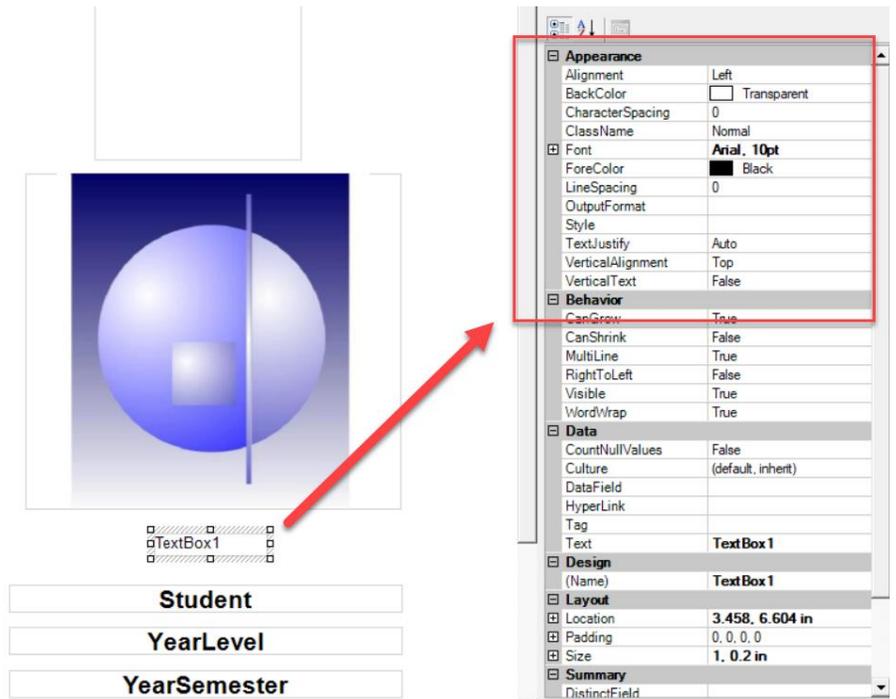

This is the default front cover. It is advisable to save this cover under a new name, keeping the original as a backup.

- 13 To add a Home Group field to your front cover, create a **TextBox** and drag to a location of your choice.

- 14 Format the text to suit your needs.

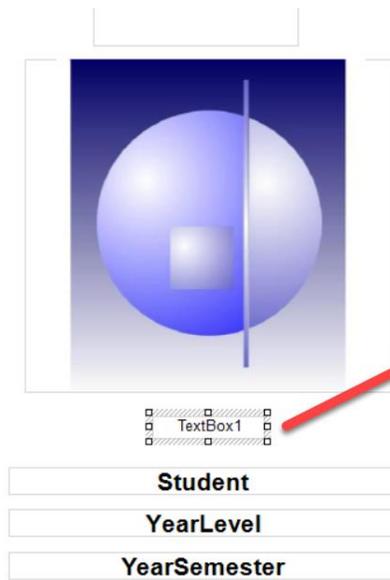

15 In the DataField section, copy and paste the following code:

= "Home Group "+HomeGroup

NOTE: There is a space after Home Group

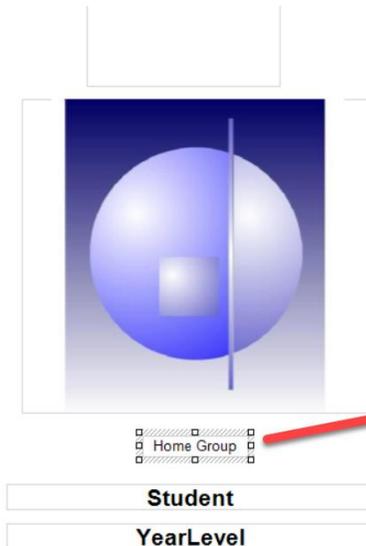

Visible	True
WordWrap	True
Data	
CountNullValues	False
Culture	(default, inherit)
DataField	= "Home Group "+HomeGroup
HyperLink	

LineSpacing	0
